

8 June 2011
Newsletter № 7

Dear Friends,

Our last issue dealt with some of the features that make Cap St Georges different (see [Newsletter 6](#)). It has certainly raised some discussion, but nothing tells a story better than pictures, so this newsletter is light on text- instead, we have a gallery of site photos taken at the end of May 2011.

In less than two months' time, the Villas in Phase A will be complete. Of the 12 currently under construction, 3 [Epsilon](#) Villas (4 bedrooms) and one [Zeta](#) Villa (3 bedrooms) are still available.

We have added a number of features to our website, including 6 interactive [360° panoramas](#) and a [construction timeline](#), more images and video in the [gallery](#) section, more articles in the [press](#) section and useful research in the [members](#) section, including a digest of the naturalization process in Cyprus, kindly prepared by Emerald Group.

Please also feel free to [download](#) the Western Cyprus Travel Guide for iPhone, iPad and iPod touch from the App Store.

Wishing you all the best from the team at Cap St Georges.
